

# SHARON FUENTES

## INDUSTRIAL DESIGN ENGINEER

Hi! I'm a Costa Rican UX/UI designer passionate for innovation, aesthetics and the unknown. My desire to always learn new things, my awareness on the importance of collaborating with my peers and the constant search for solutions to any kind of challenge, has allowed me to gain ownership and leadership while being a key designer on my team. I've been responsible for my team's redesign and onboarding process, by handling complex tasks, and creating cultural initiatives that enable synergy across the team. I love to use my empathy and social skills to generate a sense of community and connection while empowering my surroundings.

### HOBBIES

### EXPERIENCE

- 2020 - NOW** ● **MEDIA & GRAPHIC DESIGN SENIOR ANALYST**  
Microsoft Creative Studio CR at Accenture  
UX/UI Designer for the Microsoft Business Applications Group, Microsoft 365, Learning Lab, among other products. As I worked with different design systems, I had the opportunity to design new modules, create wireframes, prototypes, developer notes and accessibility markups. I directly collaborate with content strategists, UX researches, stakeholders, and engineering teams. I'm a mentor and champion on Figma and accessibility for my team. I support creative directors and Microsoft executives on complex innovation projects and function as a lead and QA analyst occasionally.
- 2019 - 2020** ● **PRODUCT DESIGNER**  
Space System Laboratory SETEC LAB (TEC)

### EDUCATION

- 2023 - Today** ● **HEC MONTREAL**  
UX Design and Evaluation Micromaster in UX Research and UX Management
- 2014 - 2020** ● **INSTITUTO TECNOLÓGICO DE COSTA RICA**  
Industrial Design Engineering, Bachelor Degree
- 2010 - 2012** ● **CENTRO DE EDUCACIÓN SAN JORGE**  
High School Education
